

Where do you go for ministry preparation and theological education?

If you feel that God is calling you to a season of study and preparation, come and explore the options available to you in Edmonton!

Taylor Seminary is a broadly evangelical seminary that draws a widely diverse student body. It is a place where critical thinking and rigorous study take place, but Taylor is known for a special focus on two key areas: spiritual formation and field education.

Taylor has put a great deal of effort into streamlining our program, allowing students to pursue a degree without having to set aside their ministry, family or work responsibilities. We believe that the best learning is contextual – it takes place in conjunction with the practice of ministry, not in place of it; our course scheduling, program requirements, mentoring and other details have been carefully considered so that students maximize their time with us.

Consider the financial benefits as well: we offer affordable tuition rates, and generous scholarships and bursaries are awarded to our students every year (over \$60,000 available to students in 2014).
